DEPARTMENT OF CHEMISTRY
POKFULAM ROAD, HONG KONG

Apr 31, 2016

Professor Chunjiang Jia
School of Chemistry & Chemical Engineering
Shandong University
27th South Shanda Road
Jinan, 250100
P. R. China

Dear Prof. Jia,

On behalf of the Department of Chemistry of the University of Hong Kong, I am writing to invite you, your colleagues and students (see the list attached for the details) to visit our department and participate the HKU Summer Programme in Chemical Biology that will be held during July 31 to August 14, 2016.

The HKU Summer Programme in Chemical Biology is designed for students interested in applying physical concepts and chemical principles to the study of biology. Our objective is to bring together outstanding undergraduate students majoring in chemistry and life science with high potential for careers in chemical biology research at the graduate level. Through extensive teaching and learning activities, it is our goal to impact students' understanding of the interdisciplinary nature of contemporary scientific research.

A fee of \$20,000 HKD per student will be charged to cover the tuition, classroom and lecture hall usage, course materials, accommodations and a certificate of completion.

Yours sincerely,

Dr. Xiang Li
Coordinator
HKU Summer Programme in Chemical Biology
